## BULGARS ASK RUSSIA TO ACT

Would Have Intervene in War; Ferdinand Wishes to End Slaughter

POWERS JOINING IN PLAN FOR PEACE IN BALKANS

Newspapermen View Scenes of Alleged Bulgar Atrocities; Report Cruelties

LONDON, July 10.—St. Petersburg dispatches say Bulgaria is seeking Russian intervention in the Balkan war situation. The request, it is stated, is made unreservedly by King Ferdinand of Bulgaria, asserting that he wishes to prevent further bloodshed.

Later advices, although unofficial, state that Bulgaria has delegated her entire position in the war to Russia, and that the Czar will act for Bulgaria with full authority, Bulgaria accepting the terms he arranges. Confirmation of these advices is impossible.

POWERS JOIN IN PLAN TO END HOSTILITIES IN THE BALKANS

LONDON, July 10.—It is generally reported that a concentrated plan to end hostilities in the Balkans has been agreed upon by the powers. It is understood that all the foreign ministers at the Balkan countries have been instructed to use their utmost means to secure peace.

Athens dispatches report Greek victories all along the line with the Bulgarians retreating.

King Constantine personally invited war correspondents to visit Nigrita where they might verify Greek charges of atrocities by the Bulgars, the town being burned and the Greek population massacred. It is further alleged that the Bulgars bayoneted scores of Greeks and poured oil on the wounded, burning them alive. The Daily Telegraph correspondent alleges that 470 villagers were murdered or burned at Nigrita.

Roumania continues the mobilization of her troops.

## WILSON CALLS CONFERENCE ON STRIKE

Trainmen and R. R. Officials of Eastern Railroads to Meet President

WASHINGTON, July 10.—It was announced from the White House last night that at 3 o'clock on Monday afternoon there will be a conference between the President, Secretary of Labor Wilson and the representatives of the trainmen and railroad management of all the railroads in the United States east of the Mississippi and north of the Potomac.

These conferences are coming at the request of Secretary Wilson, who was not able last night, however, to give the names of the delegates. The trainmen will discuss the Seth Low bill and various amendments which have been suggested to the bill of the National C. & P. Federation by Secretary Wilson and members of the house of representatives.

The conference has relation to the strike of trainmen on all the railroads in the territory named.

DAVID LAMAR LIKELY TO BE PROSECUTED BY U. S.

NEW YORK, July 10.—The attitude of United States Attorney H. Snowden Marshall leaves little doubt that David Lamar will be prosecuted for impersonating congressmen, who are, Marshall contends, officers of the United States government. The punishment for that offense is a fine of not more than \$1000 or imprisonment of not more than three years, or both.

GOOD ROADS BOOST VALUES

WASHINGTON, July 10.—Improvement of country roads has enhanced the value of property bordering on them so that the cost of improvement is equalized, if not exceeded, says the department of agriculture in a bulletin.

## Risked Life in Brave Rescue of Fellow Worker

LOS ANGELES, July 10.—Climbing a forty foot pole today to where lineman M. C. McLane was hanging unconscious and tangled among live wires, lineman W. Baker cut his companion free and carried him to safety at imminent risk to his own life. Hundreds of people witnessed the brave rescue and wildly cheered Baker. McLane was severely burned but has a chance of recovery.

Memorial Tablet on Braddock's Line of March. ROCKVILLE, Md., July 10.—A bronze memorial today marks the spot where General Braddock rested with his Red Coat army on the memorable march to the battle of the Clouds. It is just 158 years ago today that Braddock's army was defeated by the Colonials. The memorial was dedicated with appropriate ceremonies and is the third largest tablet of its kind to be placed along the route of Braddock's march by the Daughters of the American Revolution.

Berlin Police Declare War on the Hand Organ. BERLIN, July 10.—The Berlin police have declared war on the hand organ. There are about 200 "organ grinders" in Berlin. The police declare that the majority of them are strong enough to do real work and that there is too much good music to be heard in the Kaiser's capital to have one's nerves racked by hand organs.

Germany Takes Census of Pigs and Hogs in Empire. BERLIN, July 10.—The German government has ordered a census taken of all the pigs and hogs in the empire. The "pork census" is for scientific and agricultural purposes.

## 2,500 SOLDIERS FIGHT BRUSH FIRES

Regular Troops to Be Relieved by Militia in Battle With Mt. Tamalpais Flames

DEATHS AND BURNING OF COTTAGES ARE DENIED

Engines and Fire Fighters Are Sent From 'Frisco—Hope to Subdue Fire Today

MILL VALLEY, July 10.—Unless unusually high winds prevail this afternoon it is believed the Mt. Tamalpais brush fires will be definitely controlled before night. Twenty-five hundred regular soldiers are fighting the flames. A thousand militia will be dispatched to aid, according to Adjutant General Forbes, who arrived today. The federal troops are nearly exhausted with the long fight.

The reports that five soldiers perished yesterday have been officially denied. One was injured by falling over a cliff. No cottages or other buildings were burned, and the Muir woods have not yet been touched.

The reports that many cottages were burned are believed to have been caused by soldiers ordering the householders in Blythesdale Canyon to vacate late yesterday when the wind drove the flames down the canyon, threatening their homes. The reports that the power lines serving the mountainside towns had been burned out have also proved false.

Every effort is being made today to check the flames before the usual freshening of the trade wind in the afternoon. Three engines and twenty men from San Francisco arrived to aid in the fight against the brush fires.

Late this afternoon brought no change in the situation. It is evident the fires will be controlled before night, unless a wind of unusual strength springs up. Another denial has been issued that houses were destroyed and lives lost, despite persistent opposite reports. Two companies of militia are here, and others are expected.

EARLY REPORTS THAT LATER PROVED TO BE UNFOUNDED

MILL VALLEY, Cal., July 10.—At midnight last night the temporary structure which replaced Muir Tavern, and the sixteen cottages at the tavern, had been burned. Manager Freitag, his wife and two guests reached here after a narrow escape. The Mt. Tamalpais fire at that time raged in Larkspur Canyon, within a quarter of a mile of Larkspur, and the residents were fleeing. A special train was dispatched with troops for Corte Madera, Larkspur and Kentfield.

Mill Valley is threatened by the Muir woods fire from the west.

## HANGING DUE FOR J. OPPENHEIMER

SACRAMENTO, July 10.—Governor Johnson has refused reprieves for Jacob Oppenheimer, the "Human Tiger," and Frank Bauerwaerts, the Riverside county murderer, who will hang at Folsom tomorrow.

With the governor's refusal to reprieve, the last hope for Oppenheimer is apparently gone. He is awaiting execution for an attack on a fellow prisoner. He has twice already been reprieved. Bauerwaerts killed two women in a lonely mountain camp a year ago.

Fifty leading members of the Anti-Capital Punishment League visited the governor today, asking for intercession, spending an hour with the executive. They declared their belief that all condemned persons should be reprieved while the league attempts to initiate legislation to abolish capital punishment. Gov. Johnson was firm, declaring he was powerless to interfere as the law is fixed and that he has no alternative although he said: "None feels the horror of the state taking human life more than I."

Attorneys Made Last Try

SACRAMENTO, July 10.—A final effort is being made today to save the life of Jacob Oppenheimer, the convicted prisoner at Folsom who is doomed to hang tomorrow. Oppenheimer's case has been through every court in the land, and now his attorneys are begging Governor Johnson for a reprieve of six months, pending another attempt. It is stated that the Governor refuses to intercede, although no official statement has been issued.

Frank Bauerwaerts of Riverside county, a murderer, is also scheduled to hang tomorrow.

## C. E. CONVENTION IS FORMALLY OPENED

Great Fiesta Park Crowded as Father Endeavor Clark Gives Address

10,000 DELEGATES FROM ALL OVER THE WORLD

"Saloonless United States" Is Mighty Project Considered by Big Convention

LOS ANGELES, July 10.—Beginning with a sunrise meeting this morning, the second day of the International Christian Endeavor convention is entirely filled until the general meeting tonight in the tent auditorium at Fiesta Park. Section, department and committee meetings and other services are being held in more than twenty churches in the downtown section. It is estimated that ten thousand delegates are attending the convention and still others are expected to arrive today.

The great convention of Christian Endeavor, with delegates here from all parts of the United States and Canada, and a scattering few from other nations, formally opened last night in the mammoth tent in Fiesta Park.

"Father Endeavor" Clark, re-elected as international president in the afternoon, was introduced by Secretary William Shaw and made an inspiring speech. Mayor Rose gave an address of welcome and songs were sung till the great tent was filled with music.

A practical get-together temperance movement, nationwide in effect, will be definitely and powerfully launched here this week. It will be the most comprehensive plan to secure a saloonless nation ever undertaken by temperance workers in this country because its purpose is to amalgamate every temperance worker in the country into one powerful, effective fighting force.

"FATHER" CLARK RE-ELECTED PRESIDENT; WM. SHAW, SEC'Y.

LOS ANGELES, July 10.—The United Society of Christian Endeavor Corporation yesterday afternoon re-elected Rev. ("Father") Francis E. Clark as president. It is said that "Father" Clark has a life long job. Howard B. Grose was chosen vice president; A. J. Shurtle, clerk; H. N. Lathrop, treasurer; J. J. Arakelyan, auditor.

Among the trustees elected were distinguished men from over the United States including Rev. J. Whitcomb Brougher of Temple Baptist church, Los Angeles; Rev. John Balcum Shaw of the Presbyterian church, of Los Angeles; and Bishop Samuel Fellows of Chicago, Ill., of the Reformed Episcopal church. These are elected for four year terms.

William Shaw was re-elected by the trustees as general secretary; Karl Lehmann, interstate field secretary; A. H. Wells, editorial secretary; R. P. Anderson, superintendent of Christian Endeavor Builders' Union; A. J. Shurtle, publication manager.

## CUSTOMS JOBS TO GO TO DEMOCRATS

All Republicans Can Be Let Out Under Wording of Statute on Matter

WASHINGTON, July 10.—All Republican collectors of customs in the United States are about to lose their jobs.

Secretary McAdoo and the President have about decided to listen to the demands of senators and members of congress for jobs and give them all the collectors of customs of funds available.

Under the reorganization of the customs service there are forty-nine collectors in the United States. About forty-five of these are Republicans from six months to two years to serve under their commissions from President Taft.

No Cause Necessary

Secretary McAdoo holds that under the wording of the commission a Republican can be removed at any time and without cause. All the secretary of the treasury has to do is to name a Democrat as a successor to the Republican. The part of the collector's commission by which the Republicans will be eliminated reads: "During the term of four years from the date of his oath of office, unless a successor shall have been sooner appointed and duly qualified."

## AUTO HIT BY ENGINE FIVE MEN IN CLOSE SHAVE AT CROSSING

Driver of Stage Told That Train Was Coming, Still Drove up on to Tracks—No Serious Injuries

ORANGE, July 10.—This morning at 7:20 o'clock an automobile in which five men were riding was struck by a Santa Fe passenger train on the West Chapman street crossing. The five men escaped with slight or no injuries, and the automobile was wrecked. That all five men went through the affair and none was seriously hurt or killed is most remarkable. A few days ago an automobile with two Santa Ana women in it was driven up to the tracks unthinkingly, the bell failing to ring. A train was coming, and the driver stopped the automobile, killing the engine. It so happened that there was grade enough at the crossing so that the automobile rolled backward just enough to let the train go by without striking the machine.

Today, however, the bell rang. After the accident, strangely in keeping with its freakish behavior, with the train still on the tracks, it ceased ringing. There has been considerable criticism of the railroad on account of the fact that the warning bell has proven itself unreliable, and it is asserted that with the experiences that have been brought to the railroad's attention at this crossing there is apparently little reason why the signal system should not be kept in working order at this particularly dangerous and much used crossing.

The approach from the west is exceedingly dangerous as views of the tracks in both directions are blocked by packing houses. With that condition, bell or no bell, drivers of automobiles should be careful in approaching this crossing. There has also been considerable criticism of the careless manner in which some of the auto stage drivers have been taking this crossing right along.

Turner returned to Santa Ana to have his cuts dressed. He says that he told Haverer that the train was coming, and that Haverer had plenty of time to stop the automobile.

Haverer bought the automobile about three months ago. While the body of the machine was not badly smashed, the engine and front part of almost without a scratch and with few of the machine were badly damaged.

## WHITMAN BOOKS SHOW CLOSE RELATIONS WITH SENATORS—HOUSE PROBE READY FOR WORK

WASHINGTON, July 10.—The house committee appointed to investigate the "insidious lobby" charges met today and organized discussion for today and tomorrow. Chairman Garrett is making an arrangement to prevent duplication of the work being done by the senate sub-committee. The house committee plans to probe Mulhall's charges only where representatives are concerned. If possible, copies of Mulhall's papers will be secured. The twelve representatives mentioned in Mulhall's letters will probably be the first witnesses.

WASHINGTON, July 10.—The first witness examined today by the senate lobby committee was William Whitman, the millionaire textile manufacturer. He testified that he had lobbied actively for the wool tariff since 1875.

W. Bell Marvin, secretary of the National Association of Wool Manufacturers, turned over to the committee the books of the association. They will be used to help determine the activities of the organization in shaping tariff legislation.

Copies of 20,000 letters submitted by Martin Mulhall were furnished members today. It is planned to use

## OAKLAND CLUB HAS RELEASED PLAYERS—SHAKE-UP IS ON

LOS ANGELES, July 10.—The Long threatened shake-up of the Oakland Coast League club came today when Manager Mitze, after a conference with President Leavitt, unconditionally released Catcher Crisp and Pitcher Gregory and Parkin. It is stated that several players are en route to join the club and that others will be released if necessary. Leavitt has given Mitze a free pocket-book to strengthen the club.

MEXICO CITY, July 10.—The portfolio of foreign affairs has been offered by Provisional President Huerta to Federico Gambao to fill the place of Francisco de la Barra, who resigned Tuesday. Senor Gambao has served as sub-secretary for Foreign Affairs.

## PETITION FOR REDUCTION FILED

Irvine Co. Objects to Figures on Its Land by Assessor—Sleeper

SAYS MAIN VALLEY LAND PUT TOO HIGH

Sleeper to Make Reply When Matter Comes Up for Hearing by Board

The Irvine Co. has entered an objection to the assessment of its property made by Assessor Sleeper. A petition for a reduction was filed with the board of equalization today, and this afternoon the petition will be set for hearing, probably for some day next week when the full board will be present.

The big ranch comprises a little over 100,000 acres. The portion alleged by the Irvine Co. to have been assessed too high in comparison to other lands of the county is that in the center of the valley, lying for a mile southwest and three miles northeast of the Santa Fe railroad. That land is assessed at from \$40 to \$108 per acre in the assessment since upon it this year by Assessor Sleeper and his field deputy, Al. Cotant.

This is the first objection filed with the equalizers against Sleeper's figures made this year. The ranch has been assessed by blocks. The total assessment this year for the entire Irvine Co. holdings in this county is \$3,626,020, which is a raise of about \$750,000 over last year.

Assessor Sleeper will enter his reply to the petition at the time it is set for hearing.

C. F. Krauss, manager of the ranch, and Attorney H. J. Forgy were at the courthouse today, and filed the petition.

The petition says:

"The Irvine Co., a corporation, does hereby apply to your honorable board for a reduction in the assessment of the lands owned by the said company and assessed to it, lying within the boundaries of the San Joaquin ranch, and especially as to that portion lying between the coast hills on the southwest side and the foothills on the northeast side and being that portion of said ranch known as the Main Valley, and especially that portion thereof lying within a distance of two miles of the southwesterly side and three miles on the northeasterly side of the Santa Fe Railroad."

"Said application is made upon the ground that the said lands are assessed higher than other lands of like market value in the County of Orange and the same are assessed as a higher percentage of the true value than is assessed as the basis of assessment of other lands within the County of Orange which are of both a lower and higher valuation, so that said lands are not assessed in proportion to other lands within the county."

"Wherefore your petitioner prays that evidence be taken by your honorable board upon this application, and that such reduction shall be made therein as your board may deem just and reasonable."

"THE IRVINE CO.,

"By C. F. Krauss, Sec'y, petitioner."

PORTLAND, ORE. IS FACING MUNICIPAL GRAFT SCANDAL

PORTLAND, Ore., July 10.—With the grand jury actually, considering charges that attempts have been made to extort money from applicants for municipal jobs, especially in the police department, rumors are rife that startling results will be forthcoming. Officials of the district attorney's office refuse to discuss their activities in detail, but intimate that the jury may be occupied several days with the cases.

### GRATIFYING WATER DEVELOPMENTS IN VILLA PARK SECTION

A well completed this week on the A. Schindmeyer & Marquett ranch, at Villa Park, has created much interest in that section where, although the supply of irrigation water is not small, some difficulties have been encountered at times in its development. The well was put down and the pump installed by the Layne & Bowler Corporation, using their improved methods and machinery—especially their patent screen—which have proved themselves particularly adapted to this section.

The well was tested yesterday, and developed fifty miners inches when pumping was started, the flow rapidly increasing until at last reports the flow was 75 inches, with a prospect of further increase. In sinking the well only twelve feet of water-bearing gravel was encountered, and in view of this fact the output of the well was a decided surprise to the residents of the locality. This is taken to indicate that the Layne & Bowler screen, which is one of the extensive features of this concern, gets all the water there is in sight, as other wells under like conditions have not developed such a flow.

The well was sunk to a depth of 350 feet, and the pump installed at

160 feet. Mr. Schindmeyer reports it to be running beautifully, and is pleasantly surprised at the output.

On the Villa Park section, where land that has water is not excelled for productiveness by any section, a great deal of difficulty has been experienced in the sinking of wells by reason of boulders, which often stopped operations entirely, and at other times resulted in crooked wells. This is the second well sunk in that locality by the Layne & Bowler Corporation, the other being for E. G. Holmes, in both cases boulders were encountered on the surface of the ground to the bottom of the well, the formation for a distance of 45 feet being a compact stratum of boulders of unusually large size, being exceedingly hard for an ordinary rig to penetrate. Both these wells got through without mishap, however. The Holmes well started at about 35 inches, but gradually increased until it exceeded the capacity of the pump, which is now delivering from 80 to 100 inches. The water stands at 122 feet when the pump is idle, and pulls down to 125 feet when pumping 75 inches. The pull-down of the Schindmeyer & Marquett well has not been tested, but is considered sound.

The gratifying showing made by the new well is of particular interest to the ranchers of the Villa Park section, for the reason that there is now considerable activity in the way of water development. Villa Park lands are particularly susceptible to intensive irrigation, which requires water in abundance just at the right time. The fact that difficulties heretofore considered serious have been overcome and a splendid flow of water secured despite the thin stratum of water-bearing gravel encountered, cannot fail to be an encouragement to other ranchers to undertake more extensive water development.

They visited first a grove of oranges and this morning started back to Los Angeles with a small delivery auto loaded with fancy fruit, apples and other fruits, to say nothing of a lot of fine prospects.

### WIRE BARB SCRATCH RESULTED IN DEATH

Anahaim Gazette: Wilma Sexton, the 12-year-old daughter of Mr. and Mrs. John L. Sexton of Brea, died Sunday from blood poisoning. A few days previously she was assisting an older sister in picking blackberries and accidentally injured her eye with a wire fence barb. The wound was so insignificant that little was thought of it at the time, but blood poisoning developed within a day and she rapidly grew worse until death came to her relief on Sunday morning. The funeral was held Monday at the residence, Rev. Bruce Brown of the local church officiating. The service and interment was made at Santa Ana cemetery.

# U.S. GOVERNMENT DOLLAR LINE IS MAY LOAN TO FARMERS NEGOTIATED BY CHINESE

Bill Offered For Special Issue of \$20,000,000 on 3 Per Cent 20-Year Bonds  
Largest Freight Steamship Line Between U. S. and Orient May Become Chinese Asset

WASHINGTON, July 10.—Representative Hulls of Pennsylvania yesterday introduced a bill under which farmers, banding together in an association, may borrow from the government money on farm mortgages. A special issue of \$20,000,000 government three per cent twenty-year bonds is authorized to start the scheme.

Mr. Hulls is a millionaire Bull Moose and his plan is philanthropic. Each farmer's loan association is to have not less than twenty-five farmer members, and is to be operated on lines of building associations. The subscribers to the association pay ten per cent of the association stock in cash and give their notes for the remainder, payable to the trustees, for the use of the United States.

Each association is entitled to receive from the treasury money equal to the amount of its capital stock, which it may lend to subscribers only on farm mortgages.

If seven doctors had told you, as they did C. E. Blanchard of La Grange, Calif., that you had but a short time to live on account of kidney trouble, what would you do? He says: "I had kidney trouble so bad, that I had to go to the hospital. Had seven different doctors, and they said I had but a short time to live. I took Foley Kidney Pills and they completely cured me and I can't speak too highly of them." Cost less than the doctors, but accomplish more. Contains no habit forming drugs. SAN FRANCISCO, July 10.—The part-colored flag of the Chinese Republic will replace the Stars and Stripes over the ships of the largest freight-carrying steamship line plying between the United States and the Orient, those of the Robert Dollar Company, if negotiations now under way succeed, as they are almost certain to do. The fleet, which has been recently increased from six to nine boats, will receive from the Chinese government the subsidy which it failed to secure from the American government. The rapidly diminishing merchant marine of the United States will go down another long peg in the scale of world commerce.

The fleet will form a nucleus of a Chinese merchant marine, instead of increasing the American shipping under the American flag.

Incidental to the change of flag and offering some compensation for the loss of prestige to American shipping, is the announcement that there will be constructed at Harbor View large concrete docks, and that the terminal point for the fleet will be established in San Francisco.

## PAGE OF ENGLISH COURT WED PRINCESS' DRESSER

LONDON, July 10.—King George today sent to Emperor William of Germany his consent to the marriage of one of his pages to one of the assistant dressers of the German Empress. The romance is a sequel to the recent marriage of the Kaiser's daughter, Princess Louise, which King George attended. One of his pages fell in love with the Empress' dresser, and proposed. He was accepted but had to first wait until he went back to his home and obtained permission of his king to marry. The girl had to get the Kaiser's consent, which she did. The marriage will take place in Berlin. It will be the first marriage between a servant of the English royal household and one of another royal household in the present reign. There were nine during King Edward's reign.

## WOULD PREVENT SHORT WEIGHT BREAD LOAVES

WASHINGTON, July 10.—Loaves of bread weighing less than one pound may be made illegal in the District of Columbia.

## COMMITTEE TO SEEK STATION

Orange Commercial Club Plans Reception to Be Given Great Athlete Kelly

Orange News.—An effort to locate near Orange the proposed citrus experiment station authorized by the late legislature will be made by the Orange Commercial Club which took the matter under discussion last evening.

Some doubt was expressed as to the possibility of securing 200 acres of suitable land in this section at the price which the state officials expect to pay for it, which is said to be not more than \$60,000. After some discussion the matter was referred to a committee with instructions to communicate with the State University authorities and also investigate the possibility of securing a suitable site.

The matter of issuing an advertising booklet of Orange and vicinity was referred to a committee, with power to act.

President Hagen and Secretary Dittmer were named as delegates to the meeting of the Seven Hundred Thousand Boosters' Club to be held in Los Angeles on July 12th.

On motion, Fred W. Kelly was elected to an honorary membership in the Commercial Club. The entertainment committee was instructed to prepare a reception for the famous athlete when he returns from Chicago.

D. C. Pixley introduced the subject of the disposal of the building formerly occupied by the Modern Manufacturing Company. He stated that two openings were offered for its use: one for a cannery and the other for a factory for vending machines. As a trustee of the building he sought advice from the club.

After some discussion the recommendation was made and carried that the trustees of the building, Mr. Pixley and Mr. Ehlken, make such disposal of the building as they thought advisable.

E. H. Smith announced that a base ball game between the business men and ranchers would be arranged for July 16th to secure funds for the regular base ball team's suits.

## C. OF C. CAN PUSH SOCIAL WELFARE PROJECTS ALONG

SEATTLE, Wash., July 10.—"A Chamber of Commerce Militant," was the subject discussed today at the sessions of the Fortieth National Conference of Charities and Corrections. E. M. Williams, prominent Cleveland, Ohio, business man, was the principal speaker. He reviewed the work done along sociological lines by the Cleveland Chamber of Commerce during the past fifteen years. L. H. Halbert of the Kansas City Board of Public Welfare, addressed one of the sectional meetings on "Developing Standards," and Henry T. Noyes, Jr. of the Rochester Chamber of Commerce outlined the development of national plans for the participation of commercial bodies in social welfare activities. "Health and Productive Power" was the subject of an address by Dr. Livingston Ferrand of New York, secretary of the National Association for the Study and Prevention of Tuberculosis.

## HOW ONE WOMAN OF 63 KEEPS YOUNG, NIMBLE AND ATHLETIC

Denver Woman Has Spirit of Youth and Can Outdo Young People at Their Own Game of Joyous Life

DENVER, July 10.—A has the grandmother of the old fashioned type, who settled into a cap and woolen shawl as soon as her hair began to turn grey and who spent her time, after the age of 60, knitting and peering over her spectacles out of the windows.

Nothing like that for Mrs. Bertha M. Rose, 63, champion swimmer, turner, dancer, and horseback rider and one of the most prominent parties in the International German turnfest held here recently. Despite her years, Mrs. Rose's nimbleness was the envy of girls of from 16 to 20 who also took a part in the turnfest. Not only has Mrs. Rose proved that advancing years are no bar to athletic prowess, but she did not begin to acquire her skill in that direction until she was close to 50. She was over 45 when she learned to swim and over 55 when she took up dancing. She was 50 before she first became interested in turner work.

"I never expect to grow old," said Mrs. Rose today. "I suppose I ought by rights to be old now but I can't consider myself so. I'm younger now in spirit than I was when a child. How do I keep young? That's an easy question to answer. It isn't so much what you eat, what exercises you take or the rules of living you adopt that keeps you young. It's just the spirit of youth inside of you. All my life I have had the spirit of youth welling up inside of me and I think it will never let me grow old."

"Sometimes I get ashamed of myself and say: 'Now I'm going to quit this foolishness and settle down and stay home and be a good sensible, old fashioned grandmother.' But somehow I can't. That spirit of youth and happiness and love of life rises up in me and I can't help going out and having a good time."

## ITALY HAD REVIEW OF 40 AVIATORS OF HER RECENT WAR

ROME, July 10.—The first review in the world's history of a conquering aviation corps upon its return from war has just taken place at Turin. In the unavoidable absence of King Victor Emmanuel, the Duke of Genoa officiated in his stead, assisted by the four royal princes.

Forty aviators, all of whom participated in Italy's war with Turkey, took part in the review with their respective aeroplanes. One by one, they alighted in front of the reviewing stand where the Duke planned on them the various medals for valor which had been conferred by the king. Then the entire corps at intervals of one minute took flight, returning in an aerial procession past the reviewing stand. Some 60,000 people witnessed the spectacle.

"DON'T use a cough medicine containing opium or morphine. They constipate the bowels and do not cure, only stifle the cough. P. A. Efrid, Conejo, Calif., gives a pointer for others to profit by. Rowley Drug Co. and White Cross Drug Co.—Advertisement."

One of the big special sales of the season will begin Saturday, July 12th at Knoller Bros., 30 West Fourth St., announcement of which appears in their display advertisement in today's paper. Men's clothing, furnishings and shoes will be sold at prices such as have seldom been offered in this city.

## ARE TO VOTE ON AUGUST 8

Stanton Election Will Be Held Next Month Instead of on July 12

Stanton's boundary election is to be held on August 8 instead of on July 12. This decision was reached at a meeting of the trustees of the country club last Monday evening.

A portion of the election procedure had to be gone over again. A new petition was filed with the county clerk, and the signatures were certified by him and turned over to the Stanton people. It is proposed to exclude the north half of the city from the boundaries, returning that territory to the county. The new petition covers the same territory covered in the first petition with thirty acres additional. There seems to be little question at Stanton but what the proposal will be carried. It is said to be a compromise measure between those who wanted to disincorporate and those who wanted to maintain the municipality. By allowing the north half of the city to withdraw from the municipality a large share of the objections will be let out, while the city may continue to maintain its individuality.

**THE "BLUE SKY" LAW**  
The promoters of the referendum against the "blue sky" law are more and more difficult to oblige. They are not well supplied with funds to hire a large number of solicitors and to pay them. They would probably be unable to get the required number of signatures from Los Angeles and Oakland, and indicate that signatures are coming as slowly in those places as in San Francisco. It is said that the increase to fifteen cents a month contemplated as the remuneration for the solicitors.  
The solicitors say that they find the people strongly in favor of the law designed to curb the wildcatting stock promoters. Again, the people show an aversion to signing any such petitions that are without a public opinion to support them. The theory that the man in the street will heedlessly put his name to anything in the way of a petition doesn't work out at all, say the "blue sky" solicitors.  
The argument supplied the field force from the headquarters in Los Angeles and the branch in San Francisco is that the commissioner of corporations, who will be charged with enforcing the new law, will be invested with too great an arbitrary authority over the investment concerns. The old complaint of "interference with business" is made.  
The commission will, as a matter of fact, be clothed with an authority ample to make his work effective. His authority will correspond with that of the railroad commission over the public utilities of the state at the present time.  
If it becomes necessary to pay solicitors as much as ten or fifteen cents for every signature, there can be no serious menace to the referendum principle. The intelligence and good sense of the people is not to be imposed on as easily as the "blue sky" men had believed.

**NEWSPAPER EXCHANGE**  
Section of a newspaper is closer to the real world than the classified advertisements. The news dispatches tell that are very important, but the classified advertising that closely affects the people.  
What is going on?

**Careless People Carry Cash**

It costs \$1000 sometimes for a skeptical person to learn that a bank is a safer depository for money than a handbag. That is what it cost a woman recently to learn this bitter lesson. An enterprising burglar who was aware of her foolish distrust of banks watched his opportunity and the money was gone. The savings of almost a lifetime were lost.

Don't try to be your own banker. You may regret it.

**First National Bank**  
**Santa Ana Savings Bank**  
UNDER ONE MANAGEMENT  
"STRONGEST AND LARGEST"

on in a town from reading these columns than from the best edited news stories. The housewife is anxious to see who is advertising for positions as servants. Working people want to know who desires help. People who own, or who want to buy or sell real estate, are interested in the transfers that are going on. Everybody is interested in some form of buying or selling or exchange. It is hard to find a class of people who do not follow these notices.  
Hence it is perfectly astonishing how many answers one can often get from a simple little notice in the To Rent, For Sale, or Want columns. Anything you can do by personal inquiry is multiplied a hundred fold through the newspaper press. Some people will put in hours or days making inquiries and running around haphazard, when they want to rent or hire or buy or sell. They devote dollars worth of time, when a few cents spent in the Register would reach a hundred times as many people.  
This kind of advertising permits the buyer to get the best price, because he soon learns whether there is to be any competition. It gives the seller the most advantageous trade, because he finds whether there is really a demand.  
Farmers could do a rushing business, particularly through the parcel post, if they would advertise their products in nearby towns. They could develop a trade that would pay special prices rather than buy through middlemen. The classified ads are a time saver and a money saver.  
A group of San Francisco liquor men has renewed the movement to invoke the referendum against the law closing saloons from two to six o'clock in the morning. It had been abandoned by those who originally announced plans of sending out petitions.  
Petitions were put in circulation this week against the water commission act, which the power companies fought in the legislature. The law is an initial step toward conservation of the water resources of the state.

**Parents of Crime**  
Passion, greed, ignorance are the parents of crime. Work—not fatigue—deadens passion. Work removes greed. Work develops intelligence. If work gives an unfair return, then passion is not deadened, but kindled into flame. If work be but animal labor, then greed is inflamed. If work be only for bread, then body alone, not mind, is fed. Work must be the attribute of the soul. And it can be provided it is not branded with the placard Failure—failure in succeeding to rob, failure in succeeding to outwit, failure in being born of the rich.  
Our schools of the common people teach pupils to mope so they may not have to do manual work. Or if trade schools, offering manual training, they send children out as mechanics, but do not develop the qualities which would enable them to rise against unscrupulous labor leaders. Our children do not toil enough, and thus are not happy. Many of our financially successful men have not toiled enough, and they do not know the mind of the laboring man, and so patronize when they try to help. Our schools do too much for the child, and as a result the child can do little for himself.—Raymond Riondon, in the Craftsman.  
**Difficult Lesson**  
Johnny's teacher had tried in vain to impress upon his mind that it was incorrect to say "have went." As a last resort she told him to remain after school and write upon the blackboard 100 times the words "I have gone."  
When after much effort the laborious task was completed Johnny waited for the teacher, who had left the room, to return. Finally in desperation he wrote beneath his completed task:  
"Miss Smith, I have wrote 'I have gone' 100 times and have went home."

**FOREST NOTES**  
Canada's forest area is about 800,000,000 acres.  
Mills in British Columbia are shipping considerable paper pulp to Japan.  
The Canadian Forestry Association holds a forestry convention in Winnipeg July 7 to 9.  
On the best German forests the annual expense is \$13 an acre, but the gross returns are as much as \$24; thus they yield a net return of \$11 an acre each year.  
Four launches are used in patrol and transportation work on national forests in Alaska, which include many small islands and inlets.  
Motion picture companies are making films of the activities of the federal forest service, including planting, cutting timber, patrol and lookout work. Already at least two fire-fighting "movies" are being exhibited.  
Application has been received by the general government for a summer home colony on the Shoshone national forest, Wyoming. The plan is to have a central assembly hall for community gatherings, and separate cottages for the several families of the communal recreation center.  
**Rich Land Owned by Indians**  
Land which was absolutely forced on the Snake Indians in the Creek country, Oklahoma, is proving the source of inestimable riches, owing to the discoveries in that section by oil prospectors. So far not a dry hole has been found in this marvelous field, and on the land of the Snake scores of rigs engaged in drilling. About nine years ago the government decided to allot arbitrarily to the Snakes. All the good land was gone, and they gave them allotments in a section of the Creek nation where the land was considered worthless. The federal government set aside 150 acres for each Snake, the land being classified at \$2 an acre. Since oil was struck the rights of the Indians have been carefully guarded by the department of the interior.

Tennis Semi-Finals for Davis Cup Close—Canadian Wins From Belgian Player

NOTTINGHAM, Eng., July 10.—R. Norris Williams of Philadelphia, representing America in the semi-finals in the international matches for the Davis tennis cup, defeated Kreutzer of Germany in scores of 6 to 4, 6 to 2, 4 to 6, and 6 to 1. Kreutzer offered a surprisingly stubborn defense, at times forcing the American to the utmost.  
**Canadian Beats Belgian**  
FOLKESTONE, Eng., July 10.—Plans for the Belgian and Canadian semi-finals for the Davis tennis cup have been changed and play was started today. Powell of Canada defeated Berman of Belgium in a score of 6 to 2, 6 to 1, and 6 to 1.

**FUNERAL MRS. WALLACE HELD IN LOS ANGELES**

LOS ANGELES, July 10.—Attended by relatives of herself and her distinguished husband and by those who during her life were her closest friends, the body of Mrs. A. J. Wallace, wife of the lieutenant governor, Tuesday was carried to Rosedale cemetery for interment.  
The funeral services were held at the West Adams Methodist church. They began at 3 o'clock p. m. and were in charge of Dr. F. M. Larkin, district superintendent. He was assisted by the Rev. W. Y. Davis, Dr. Matt S. Hughes, pastor of the First Methodist church of Pasadena, and Dr. E. A. Healy, dean of the college of theology of U. S. C.  
High commendation of the life led by Mrs. Wallace and of the inspiration her activities had given those who had observed her career were spoken by the officiating minister.

**SANTA ANA RIVER ROBS RANCHER OF 43 ACRES OF LAND**

SAN BERNARDINO, July 10.—The Santa Ana river robbed an owner of 43 acres of land, according to the testimony of Edward Townsend, an East Base Line rancher, who told the board that he had been given 51 acres of land in the Santa Ana river bottom below Colton by an uncle.  
The river soon covered 43 acres deep with sand and there is but eight acres left. The board reduced the valuation of the property from \$1290 to \$390.

NEW YORK, July 10.—The Metropolitan Opera Company yesterday began a supreme court action against Oscar Hammerstein and his son, Arthur Hammerstein, to restrain them from producing grand opera in English or any other language in New York city and elsewhere.  
The complaint asks for a permanent injunction restraining the Hammersteins from producing grand opera until April 26, 1920.

**FEDERAL GRAND JURY GIVES TRIBUTE TO EX-DIST. ATTY. McNAB IN FINAL REPORT**

SAN FRANCISCO, July 10.—The Federal grand jury presented a revised final report to the United States district court yesterday, eliminating the criticisms of President Wilson and Attorney-General McReynolds that were included in the report that Judge William G. Van Fleet rejected Tuesday. The new report pays a tribute to former District Attorney McNab.  
"We have noted with the utmost regret the resignation of Mr. McNab," it states. "During his term of office we have learned to regard him with the utmost respect and confidence, and we feel that the department of justice and the public service have lost one of their very best officials."

**PROSPERITY NOTE IN R. R. BUSINESS**  
Increased Shipments for Year Reported in All Lines Except Meats

CHICAGO, July 10.—Railroads operating eastward from Chicago and St. Louis report a steady volume of traffic, averaging about 3½ per cent more than a year ago in all lines of freight, with the possible exception of meats. The latter has not gone forward as heavily on account of the extremely hot weather.  
Shipments of iron and steel are being sent out at a lively rate, especially in structural material intended to cover building operations going on in the larger cities. Normal shipments of other products are being made and officials say that the amount of business they are receiving at this season of the year is gratifying.  
The moderate increase in the movement of traffic over the Atchison, Topeka and Santa Fe was shown during the last week, but in most instances the percentage of gain was of small ratio. Shipments of oil, which are of larger volume for several weeks, now are only 1 per cent in excess of last year. Live stock is better by 6 per cent and general merchandise and miscellaneous freight by 5 per cent. Grain tonnage improved 33 per cent and coal 21 per cent, indicating business as a whole generally higher.

**DANISH PREMIER GIVES DAUGHTER TO WORKMAN**

COPENHAGEN, July 10.—The Danish premier, Klaus Bernstein, today publicly gave his consent to his daughter marrying a young Jutland joiner whom she met while learning that trade. The premier believes all girls as well as boys should learn a trade and for four years his daughter worked in a shop next to the Jutland joiner who will take her as wife. She has been granted a license to go into business and with funds supplied by her father will set up a business partnership with her husband-to-be.

## OLD BOYS GAVE PROGRAM

W. R. C. and Sedgwick Corps Join in Afternoon Together; Women Served Tea

The W. R. C. and Sedgwick Post held a joint patriotic tea yesterday. Ice cream and cake were served and were especially acceptable refreshments in view of the warm weather.

A delightful program was given by members of the post. Indeed it was a treat to listen to the songs and recitations as given by the "Old Boys in Blue," all of whom were too modest to respond to an encore.

The program opened with the singing of "Rally 'Round the Flag," then Comrade Koepsel gave a reading, "Sherman's March," a thrilling poem written by Mr. Allen and delivered by him in 1890 when one of the chief among his hearers was General Sherman himself. Comrade Koepsel was proud to relate that he was in that famous march to the sea.

A Dutch dialect song was given by Comrade Martin, entitled "When I Goes to Fight Mit Siegel." A recitation, "Reminiscences of the War," was given by Comrade Whitney.

A vocal solo, "Grafted Into the Army," by Comrade Wilson, followed. A patriotic address was given by Comrade E. T. Langley. A grand recitation was that by Rev. M. J. Williams from South San Francisco, Beecher's "Oration on the Flag," closing with an anonymous poem, "Stand by the Flag."

## At Balboa Beach

One of the pleasantest meetings of The Round the Corner Club was held at Balboa Beach on Tuesday with Mrs. E. R. Sprague as hostess at her beach cottage. A fish dinner was served at noon and the ladies greatly enjoyed the well cooked meal, the lovely day, the cool veranda and the congenial company. House and table were decorated with the lavender and yellow blossoms that flourish at the seashore. Shells were used to mark the places at table.

The ladies who spent the day at the beach were Mrs. Sprague, Mrs. S. M. Davis, Mrs. W. H. Smith, Mrs. L. P. Hickox, Mrs. H. S. Stone, Miss Bernice McBride, Misses Jewell Hickox, Ruth Hickox, Laura Davis, Artie Burns.

## Bridge Whist Party

Lovely Shasta daisies prettily arranged in brown baskets adorned the home of Mr. and Mrs. John A. McFadden last evening when they entertained the Tuesday Evening Whist Club, of which they are members.

Prize winners in the pleasant sequence of games that were played during the evening were Mrs. William Malone, who captured a dainty picture, and J. S. Hill, who was awarded

## READY TO SPEND LAST CENT FOR SUFFRAGE

Miss Ida Craft, New York suffrage worker and member of the Washington, D. C. hikers' party, demonstrates her loyalty to the political freedom of women by voicing her willingness to spend her money as well as her time for the cause. She recently inherited more than \$100,000 from her mother's estate, and of this she says:

"If necessary, I shall spend every cent of my legacy to get the vote. I shall go on working for suffrage as I have all ways done, giving both my time and money to the cause."

A pair of silk hose. These two had high score for ladies and gentlemen respectively. Ice cream, cake and punch were served following the games.

Those present besides the host and hostess were Mr. and Mrs. William Malone, Mr. and Mrs. Jabe S. Hill, Mr. and Mrs. Mark Lacy, Mr. and Mrs. William Spurgeon, Mr. and Mrs. Chas. Kelley, Miss Gretchen Schussler, sister of Mrs. McFadden.

## In "Merrie England."

Writing under date of June 29 from Hastings, England, Alan Revill tells the Register of his arrival in his home city. He says:

"Had a very nice trip through Canada and across the Atlantic and a very warm welcome home. Have been here three days and the weather has been lovely. Hope all is well in Santa Ana and in our church. Regards to all."

Mr. Revill left here on June 4, going north to British Columbia, where he visited a brother, then speeding across Canada to take voyage on a liner sailing from a Canadian port. He will spend the remainder of the summer in England visiting his father at his home. He will probably return in the early part of September.

## Guests at Birthday Dinner

Mrs. J. A. Traylor of Pasadena came down from the Crown City yesterday to aid in celebrating the birthday of Mrs. Ella Palmer at the J. P. Baumgartner home. Others out of town were Mrs. Lyman King and two children of Redlands.

## Guests at Dr. Head Home.

Miss Roxie J. Adams from McGehee, Arkansas, who is visiting her aunt, Mrs. Dr. Head, and Miss Anna Laura Brown from Hickman, Ky., a cousin of Dr. Head's, were entertained at Balboa over night by Miss Percy Head.

Dr. and Mrs. Head had as guests over the Fourth of July Marvin Johnson and family of Los Angeles.

## VISITED AT WEST HOME

Classmates of Miss West Were Her Guests; Social Courtesy for Miss Morse

A trio of charming girls, former classmates of the hostess, have been house guests of Miss Marguerite West a part of this week. They were Miss Irene Cogswell of El Monte, Miss Helen Hamilton of Claremont and Miss Lillian Reid of Long Beach, all of whom graduated at the recent Pomona College commencement in company with Miss West. Ere the charms of those halcyon days had time to even begin to fade, the quartette of friends have been enjoying a visit together here. The young ladies from neighboring cities came Wednesday and remained till last evening as the guests of Miss West.

Another Pomona College girl, Miss Helen Austin, has a cousin, Miss Mabel Morse of Seattle visiting her and these two have also been enjoying the stay of the guests at the West home. In addition to all the other good times the girls had together, a luncheon was given yesterday by Miss West at her home in honor of Miss Morse.

Pink and white sweet peas and ferns were used in house and table decorations and the prettily appointed luncheon was served in four courses.

Plates were laid for the hostess, for Miss Morse, the honoree; for Misses Helen Austin, Irene Cogswell, Helen Hamilton, Lillian Reid and for Miss Mary Collins of Santa Ana.

## Personals

W. E. Jackson and wife are here from Tulaski, Tennessee, to spend the summer with Mr. Jackson's father, J. A. Jackson and family of 1501 North Broadway.

Roy Barker and wife and little daughter of Gridley, Butte county, California, are visiting at the home of Mr. Barker's parents, Mr. and Mrs. W. D. Barker, 432 South Broadway.

Mrs. Hoyt Hall, who is visiting her parents here spent yesterday in Los Angeles, returning here last evening.

Misses Viola Hill, Miss Lucy Hill and Miss Bertha Bates were among those who left this morning for Los Angeles to attend the great International Christian Endeavor convention. Mr. and Mrs. Ould of Old Newport spent several hours in Santa Ana this morning.

Mrs. A. J. Crookshank is having the pleasure of a visit from her sister, Mrs. Hunter of Cleveland, Ohio. Mrs. Hunter arrived here yesterday for probably a summer's visit. Mrs. Crookshank also had two other guests yesterday, Miss Stanwood and Miss Shields of Alameda, who spent a few hours with their hostess.

Rev. Mahlon J. Williams of San Francisco is here for a ten days' visit at the home of his aunt, Mrs. T. N. Trickey.

Mr. and Mrs. John A. McFadden, Mr. and Mrs. William Malone and Miss Gretchen Schussler will leave Saturday morning for Camp Baldy, where they will remain for two weeks. The trip will be made by automobile.

Mrs. R. P. Dawes and little daughter Mary, of Ceres, are visiting Mrs. Dawes' mother and sister, Mrs. F. L. Dawes and Miss Roselyn Dawes of 821 French street.

Mrs. Lyman M. King, wife of the publisher of the Redlands Facts, spent yesterday in Santa Ana at the J. P. Baumgartner home. Her two children accompanied her. The Kings are spending the summer at their Balboa Beach cottage.

Mrs. William Cassel and her daughters, Misses Marie and Alice O'Brien, returned to San Diego today after a ten days' visit here and in Los Angeles. Mr. and Mrs. Cassel, who spent several months here at different times, are now living in San Diego, but are still fond of Santa Ana. Mr. Cassel is publishing a paper at Coronado.

Mrs. F. T. Stetson of 426 West Second street is visiting her daughter in Los Angeles. She will stay for a week or ten days.

Mr. Ady of the firm of Kittle & Ady has gone to San Francisco on a business trip.

Miss Marion McClintock has arrived here from Chicago to spend the summer with her mother, Mrs. W. F. McClintock, and her sisters, Misses Annette and Cora McClintock.

W. L. Laney and family of Boulder, Colorado, arrived in Santa Ana last Saturday to make their home here. They are friends of the H. S. Kittles of North Bush street. Mr. Laney is at present located at 425 South Broadway, where he will reside. He was president for a number of years of a system of co-operative stores in Colorado and comes well recommended and respected in his former home.

Mrs. E. O. Dyer and two children arrived Wednesday from Strathmore, Tulare county on a visit of several weeks with Mrs. Dyer's father, James T. Ott and family on South Sycamore street.

Mrs. John A. Gelbach of Ellwood City, Pa., cousin of J. C. Metzgar, and

Moths Do Not Like Green. In the Woman's Home Companion a contributor tells, as follows, how she made an insect-proof bag:

"I put into a common green cambric bag a winter cloak and fur collar, tied the neck of the bag closely, and packed it in my trunk. During a winter in Bermuda, summers in New England, winters in New York and Boston, in furnace-heated houses and in the insect-infested islands of Porto Rico and Barbadoes, no enemy has attacked the contents of that bag, though other clothing in my trunk suffered severely from the ravages of moths and other insects. Apparently the green dye is abhorrent to the insect tribe."

Pleasing the Customer. "Have you no recent brands of cigars?" demanded the man who was pawing over the case.

"I think I can please you," said the dealer. "Here are three brands of my own—the Kicker, the Grumbler and the El Grumbo."

The man made a quick selection without further comment.

Proof. Tommy went home one day with a nice new golf ball.

"Look at the lost ball I found on the links, father!" he said.

"But are you sure, Tommy," said Mr. Traddles, "that it was a lost ball really?"

"Oh, yes," said the boy. "I saw the man and his caddy looking for it."—London Opinion.

Hiking Home. He had telegraphed his wife for money.

"I shall count the hours until I see you," he wound up with a touch of pathos.

"Also the ties," she briefly wired back.

The Effect. "That baby of yours gets on my nerves."

"Now why does the little darling affect you so?"

"He has such a creepy way about him."

Seeking a Handicap. "I wonder why it is that a woman like a glasses marries a man like a pygmy?"

"I don't know, unless it's because she's too much of a woman to take a chance on a fair fight."

## "CONFESSED" TO 7 MURDERS BUT LIKELY TO BE TURNED LOOSE BY VENICE POLICE

VENICE, July 10.—Simon P. Helfinstein, who Sunday night "confessed" to seven murders, recalled his "confession" Monday night and late Tuesday night "re-confessed" to murdering the Dietrich family in Ohio several years ago, is still in the custody of the police, but probably will be turned loose today. Chief Lingio has received no word from the prosecuting attorney of Logan county, Ohio, who is making an investigation of the murder and Helfinstein's whereabouts at the time.

## MUTE EVIDENCES OF TRAGEDY

## INITIATIVE ELECTION ON LIQUOR MATTER MAY BE INVOKED BY SAN BERNARDO

SAN BERNARDINO, July 10.—An initiative instead of a referendum election may be invoked to settle the county wet or dry question outside of incorporated cities. The initiative will be started by the wets, who realize that to defeat the ordinance under the referendum they would gain nothing, the supervisors would then have the right to pass upon and refuse applications for license. In such an election the entire county would vote on the question, but it would not affect the incorporated cities.

## "MILLION TO RUIN GOV. SULZER" WERE WORDS OF MURPHY

ALBANY, N. Y., July 10.—"If it costs me a half million dollars to drive Geo. B. McClellan out of politics, I am willing to spend a million to ruin Gov. Sulzer," Charles F. Murphy was thus quoted last night by a member of Governor Sulzer's official family.

## SETTLED BY STIPULATION

Diebold Gets Judgment Against  
Romer for \$2950—Miss  
Taylor Arraigned

Today judgment by stipulation was entered in the partnership accounting suit brought by M. E. Diebold against H. Romer for \$2950. Diebold to have possession of a typewriter, typewriter table and adding machine. Diebold and Romer were partners in a general merchandise business at Tustin. They could not agree upon a settlement of their interests, and Diebold, with Williams & Rutan as attorneys brought suit against Romer, represented by Attorney Clyde Bishop. After an investigation, the contestants stipulated that judgment should be entered, and the case settled.

The amount allowed in the judgment was what Romer in his answer alleged was due.

### Wants Harriman

This morning Miss Margaret D. Taylor, the woman arrested by city police yesterday on account of behavior that indicated that her mind was unbalanced, was arraigned before Judge West today on a charge of insanity. At the request of D. Edson Smith, Attorney E. E. Keech appeared for Miss Taylor. Miss Taylor told the court that she wanted Attorney Job Harriman of Los Angeles to defend her, and in order to give an opportunity to meet with her request further hearing of the case was put off and Miss Taylor was put in charge of friends.

### Suit on a Note

Attorney L. M. Hartwick of Orange has filed a suit for the National Bank of Orange against David Hewes. Suit is on a note for \$5000 signed on Aug. 29, 1910.

### Demurrer Entered

Attorney F. C. Spencer appears for L. E. Miller, who with J. H. Boney is sued by John K. and Antonio Friend. Friend asserted in his complaint that Boney had secured a deed to property at Anaheim worth \$4800 by representing to Mrs. Friend that the paper she was signing was the acceptance of a house built for Friend. Miller brought the property from Boney. Miller's demurrer alleges that the action is barred by the statutes.

### Estate Appraised

J. N. Anderson and J. P. McFarler have appraised the estate of A. A. Lee at \$1110. Anderson, Ben Danner and August Backs have appraised the estate of Conrad Stuckle at \$15,196.16.

### Hilario Found Guilty

Yesterday a jury that tried Juan Hilario on a charge of assault with a deadly weapon found him guilty of assault with a deadly weapon. Hilario stabbed Ramon Petina at Delhi on April 13. He will be sentenced tomorrow.

# Stop! Look! Listen!

On Saturday, July 12, at 9 a. m., we inaugurate our first sale. The need is extremely pressing. A backward season combined with heavy overstock and other unfortunate conditions make it imperative that we turn our splendid stock of men's and boys' clothing and furnishings into cash. Bills have to be met—creditors must have money. We must raise \$5000.00 in 10 days' time and in order to accomplish this we will make prices which will bring people from all the surrounding country. Big sales mean big reductions and profit and cost will be entirely forgotten. We are able in this space to mention only a few of the bargains. Read every item in Friday's paper and come prepared to find the greatest bargain carnival ever held in Southern California. Not shop worn goods, but new, up-to-the-minute styles from the country's leading manufacturers. Store will be closed all day Friday to mark down goods and arrange for quick selling. Sale starts at 9 a. m. Saturday, July 12th, continuing for 10 days only.

### DR. BURT ESTES HOWARD LIES CRITICALLY ILL

LOS ANGELES, July 10.—Dr. Burt Estes Howard, distinguished author, minister and scientist, is lying critically ill at the home of J. B. Lippincott, 456 West Adams street. Dr. Howard, who is professor of political science at Stanford University, for some years was pastor of the First Presbyterian church, First Unitarian church and Church of the Covenant in Los Angeles, and is widely known in this city.

Last night members of his family and friends feared there was little hope for his recovery.

Your attention is called to the announcement of Knoller Bros.' big special sale of clothing, furnishings and shoes, which appears in another part of this paper. Extraordinary reduced prices will be given on everything. Sale begins Saturday, July 12, and continues ten days. Knoller Bros., 304 West Fourth street.

### IN THE JUSTICE COURT

## SIXTY DAYS FOR STRIKING WILHITE

Mexican Sent to Jail on Charge  
of Battery Brought by  
Former Minister

Feliz Saragoza was sent to jail yesterday afternoon to begin serving a sentence of sixty days for having struck Rev. W. L. Wilhite, an ex-minister nearly 80 years old. Saragoza was reported to Rev. Wilhite as engaged in beating Mrs. Saragoza, and when the old man interfered with Saragoza's occupation Saragoza hit Rev. Wilhite a terrific blow on the ear with his fist, cutting the ear severely. The first report was that Saragoza struck with a beer bottle. That, however, was not the case. Rev. Wilhite testified that Saragoza used his fist only.

Given a Floater  
Jose Cruz, arrested after he had sent threatening letters to a Mexican

woman at Los Alamitos with whom he was infatuated, was given a three months floater.

Cruz seems to have made no use of his opportunity to go free and stay free. This morning the sheriff's office got word that upon his release Cruz went to Los Alamitos and started trouble again. He was put in jail.

For Bike Stealing  
Another bicycle thief received a severe jolt this morning when Justice Cox handed a five months' sentence to E. Rios, who pleaded guilty to stealing a bicycle belonging to P. Preston.

Case Continued  
The trial of Holmes of Breca on a charge of keeping a cesspool in an unsanitary condition was continued to July 21.

### HUNGARIAN NOBLE FIRST TO GIVE UP CITIZENSHIP

LONDON, July 10.—Count Erwin Bathany, who for some time has resided in London, recently received official notification that the Hungarian government had granted his petition releasing him from the obligations of nationality. It is said to be the first instance in Hungarian history that a member of the ancient aristocracy of that country has thus renounced his citizenship. The Count, who is 35 years of age, took this step on account of his belief in the principles of Socialism, to the study of which he has devoted several years. Not long ago the Budapest authorities closed three public schools which the Count had established on his estates, because the teachers appointed by him were assailing existing methods of government.

NOT ON STATE TICKET  
Wisconsin Progressives Fail to Secure Place Says Atty. Gen. in Official Opinion.

MADISON, Wis., July 10.—Attorney General Owen has advised in an official opinion that the National Progressive Party is not entitled to have a party column on the state ballot, but may have a separate party ticket for state and national officers in the primary. The opinion is based on the fact that the party did not have a candidate for Governor of Wisconsin last fall.

The coolest spot is your veranda—if you have it equipped with porch shades. Good porch shades keep out the glare of the sun, give privacy yet admit the air. We sell them at \$1.50 upward according to width. Horton-Spurgeon Furniture Company.

Announcement is made in another part of this paper of a big special sale at Knoller Bros., 304 West Fourth street, which begins Saturday, July 12, and continues for ten days. Men's clothing, furnishings and shoes will be sold at greatly reduced prices.
